metalfabrics@gkd-group.com

Weaves: Omega Divergence PC, Omega 226

Attachment: Flat & Angle Frame

Architect: Elenburg Fraser

Application: Facades, Solar Control

Location: Melbourne, Australia

Market Segment: Multifamily

DESCRIPTION

Using GKD aluminum fabric, 300 solar protection panels of various widths - some modular - clad the 6,500 square foot surface of this Melbourne apartment building. The metal fabric was anodized in a batch process to create a bronze and gold shimmering effect.
